About the Functional Retention and Disposal Authority

Purpose of the authority

The purpose of this retention and disposal authority is to provide approval for the transfer of ownership of certain records as required as part of the sale of State owned energy generation businesses and assets.

The approval for disposal given by this authority is given under the provisions of the State Records Act 1998 only and does not override any other obligations of an organisation to retain records.

Implementing the authority

This retention and disposal authority applies only to the records or classes of records described in the authority. Where ownership of records is transferred appropriate provisions should be made to enable access if required under any NSW legislation.

Amendment and review of this authority

State Records must approve any amendment to this authority. Public offices that use the authority should advise State Records of any proposed changes or amendments to the authority.

Contact Information
